Announcement Letter August 1993

Dear Brethren,

This month's *Announcement Letter* will contain no "Spiritual Principle" section. There are several reasons. However, suffice it to say, since the first of the two-part *Monthly Letter* subject is excessively long, we did not want to compound the postage problem with a full *Announcement Letter*. Initially, the "Spiritual Principle" section was not intended to occur monthly. Yet, we want to retain that part of the *Announcement Letter* for future use. It will occur in the next issue. Hopefully, we will be able to add another section—a page-length analysis of Current Events. You will remember why we canceled that part which occurred very infrequently many months ago. Too many began to refer to our comments as absolutes. When this occurs we have no other recourse other than to avoid making any comments. Until God plainly reveals the prophetic significance of any text, no one knows the specifics. There are too many guessing even now. Why should we add our voice to those already heard. They do not know and neither do we.

What we want to include is simply this: An explanation of Current Events which are adversely affecting this nation and the world.

The new church hymnal is now at the printer's and will go to the bindery around August 9. Those of you who have ordered your personal copy please plan on paying for it at the Feast of Tabernacles where it can be picked up. We ordered about forty more copies available for purchase later on.
